

## ASDIP Structural Software

Phone: 407-284-9202

Email: [support@asdipsoft.com](mailto:support@asdipsoft.com)

Web: [www.asdipsoft.com](http://www.asdipsoft.com)

**Product:** ASDIP Steel

**Description:** Includes easy-to-use modules for the design of steel members and connections, such as composite/non-composite beams, steel columns, base plates, anchoring to concrete, shear connections, and moment connections, per the latest design codes. ASDIP STEEL comes with 5 intuitive modules that will substantially simplify time-consuming calculations for your structural designs.

## ICC Evaluation Service

Phone: 800-423-6587

Email: [mtemesvary@icc-es.org](mailto:mtemesvary@icc-es.org)

Web: [www.icc-es.org](http://www.icc-es.org)

**Product:** Product Certification

**Description:** ICC-ES is the leading evaluation service for innovative building materials, components, and systems. ICC-ES Evaluation Reports, Building Product Listings, and PMG Listings provide evidence that products and systems meet requirements of codes and technical standards worldwide, including the U.S., Canada, Mexico, Australia, New Zealand, and the MENA region.

## Schöck North America

Phone: 609-592-2565

Email: [info-na@schoeck.com](mailto:info-na@schoeck.com)

Web: [www.schoeck.com](http://www.schoeck.com)

**Product:** Isokorb® Structural Thermal Break T type S

**Description:** A load-bearing thermal insulation element for steel connections, such as balconies, canopies, beams, and rooftop applications (solar panel equipment, HVAC systems, etc.). It accommodates normal, as well as shear forces. Moments can be transferred by using a minimum number of two modules.

## Cast Connex

Phone: 888-681-8786

Email: [info@castconnex.com](mailto:info@castconnex.com)

Web: [www.castconnex.com](http://www.castconnex.com)

**Product:** Standardized Cast Steel Connectors and Custom Cast Steel Connectors

**Description:** The industry leader in the architectural and structural use of cast steel components in the design and construction of building and bridge structures. Our products include pre-engineered connectors that simplify the design and enhance the performance of structures. We also offer design-build services for custom cast steel nodes and components.

## IES, Inc.

Phone: 800-707-0816

Email: [info@iesweb.com](mailto:info@iesweb.com)

Web: [www.iesweb.com](http://www.iesweb.com)

**Product:** IES VisualAnalysis

**Description:** Helps you design steel and cold-formed structures. Create models, apply loads, and get your frame or truss members optimized with AISC, AISI, or CISC design checks. Advanced direct analysis method. You stay in control at every step. Download your free trial today.

## Trimble

Phone: 678-737-7379

Email: [jodi.hendrixson@trimble.com](mailto:jodi.hendrixson@trimble.com)

Web: [www.tekla.com/us](http://www.tekla.com/us)

**Product:** Tekla Structures

**Description:** Create a detailed, constructible 3-D model of any steel structure from industrial and commercial buildings to stadiums and high-rise buildings. Tekla Structures enables collaboration and sharing of project information among architects, engineers, and contractors and links with major AEC, MEP, and plant design software.

## ENERCALC, Inc.

Phone: 800-424-2252

Email: [info@enercalc.com](mailto:info@enercalc.com)

Web: <https://enercalc.com>

**Product:** ENERCALC Structural Engineering Library (SEL) / ENERCALC for Revit

**Description:** ENERCALC for Revit simplifies structural design by bridging the gap between calculation and documentation. It allows engineers to access the familiar calculation power of ENERCALC SEL as a seamless real-time extension of your Revit environment. ENERCALC's use of the Revit API results in fast-paced, intuitive design with no import/export/copy/paste.

## RISA

Phone: 949-951-5815

Email: [benf@risa.com](mailto:benf@risa.com)

Web: [risa.com](http://risa.com)

**Product:** RISA-3D/RISAFloor

**Description:** RISA-3D and RISAFloor are the best choice for the design of all things steel. Whether designing custom hot rolled steel shapes or cold-formed steel wall panels, RISA has you covered. With steel databases and design codes from all over the world, you will never have to look anywhere else.

## Williams Form Engineering Corp.

Phone: 616-866-0815

Email: [williams@williamsform.com](mailto:williams@williamsform.com)

Web: [www.williamsform.com](http://www.williamsform.com)

**Product:** All-Thread-Bar

**Description:** Williams Form Engineering Corporation has been providing threaded steel bars and accessories for rock anchors, soil anchors, high capacity concrete anchors, micropiles, tie rods, tiebacks, strand anchors, hollow bar anchors, post tensioning systems, and concrete forming hardware systems in the construction industry for over 100 years.
